AMORSO-517A

Wetting Dispersant

Introduction:

AMORSO-517A is a universal purpose dispersant, its nonionic properties make good performance in wide range of applications.

Features:

- high concentration nonionic wetting dispersant
- can be used to disperse pigments and fillers in the preparation of paste
- increase film gloss, color display
- eliminate white coating, avoid floating color blur

Applications:

- non-water-borne coating
- universal purpose dispersant

Technical data:

Composition: nonionic polymer

Appearance: light color liquid

Active substance: 100%

Usage and dosage:

- 1%-40% of the finished paint
- add before or after grinding, it can also be added into finished paint with high addition amount

Package:

25KG plastic or iron barrel

200KG iron drum

[The above data and specification is only for reference, customer should do the test based on different application and requirement to see if it is appropriate and suitable for their usage.]
